Saved From Awful Peril

"I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio, R. R. No. 3, "as when a frightful cough and lung trouble pulled me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It also cured my four children of colds." Infalible for Coughs and Croup, its most certain remedy for LaGrippe, Asthma, desperate lung trouble and all bronchial affections. 50c. and \$1.00. A trial bottle free. Guaranteed by B. H. Gorrell.

President Helps Orphans

Hundreds of orphans have been helped by the President of the Industrial and Orphan's Home at Macon, Ga., who writes: "We have used Electric Bitters in this Institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates all vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up pale, thin, weak children or run-down people it has no equal. Best for female complaints. Only 50c. at B. H. Gorrell's.

Camping Parties on North River

Dr. Alfred T. Graham left today with some twenty young boys of his congregation, members of the Covenanters' band, for a week's outing in the camp. They will enjoy their outing on North River near Copper's.

Several other camping parties are located at different places along the river, where they are experiencing the delights of out-door life these summer days.

Won't Need a Crutch

When Editor J. P. Sossman, of Cornelius, N. C., bruised his leg badly, it started an ugly sore. Many salves and ointments proved worthless. Then Bucklen's Arnica Salve healed it thoroughly. Nothing is so prompt and sure for Ulcers, Boils, Burns, Bruises, Cuts, Corns, Sores, Pimples, Eczema or Piles. 25c. at B. H. Gorrell's.

30 Confederate Generals

General Marcus J. Wright, who has materially assisted the government in preparing records and publications concerning the Civil War, is responsible for the statement that there now survive only thirty generals of the Confederate forces—one lieutenant-general, four major-generals, and twenty-five brigadiers.

Took All His Money

Often all a man earns goes to doctors or for medicines, to cure a Stomach, Liver or Kidney trouble that Dr. King's New Life Pills would quickly cure at slight cost. Best for Dyspepsia, Indigestion, Biliousness, Constipation, Jaundice, Malaria and Debility. 25c. at B. H. Gorrell's.

In last week's issue of "The Presbyterian of the South" is an interesting article from Dr. Thornton Whaling of Norfolk, formerly pastor of the Lexington Presbyterian church, on the subject of "Workers, Shirkers, Jerkers and Quirkers." In the same issue Dr. Jas. Lewis Howe writes instructively of the Edinburgh World's Missionary Conference.

Dedication of Methodist Church at Rockbridge Baths

The new Ebenezer Methodist church at Rockbridge Baths was formally dedicated last Sunday morning, July 31, 1910, the dedicatory sermon being delivered by Rev. Dr. B. W. Bond of Staunton, presiding elder of the Rockingham district, Baltimore Conference. After the sermon a collection was taken, which resulted in raising the sum of \$300.00, which amount met all the obligations against the church and left the building free of debt. The concluding exercises were the impressive dedicatory services of the church to the worship of God. A large congregation was present, many visitors being present from other sections of Rockbridge and Lexington. A basket dinner was served on the grounds and services were held also in the afternoon.

Dr. Bond's sermon was based on Acts 20: 35: "It is more blessed to give than to receive." The preacher emphasized the importance of giving, not alone for the good of the cause for which the contribution is made, but also for the benefit of the giver; giving enriches the giver in broadened sympathy, in deepened spirituality, in self-esteem and self-consciousness. Dr. Bond is an able preacher and his sermon on this occasion was well suited to the needs of the hour. The pastor, Rev. G. W. Staples, assisted in the services.

The new church is a frame building and is located about half a mile above the Baths Hotel, on the same side of North River. The seating capacity is about 300, and all the appointments are modern and convenient. The congregation is to be congratulated on their pretty house of worship.

The old church was a brick building and was located on the opposite side of the North River. The location was not desirable, and when the building was in need of repairs, the congregation decided to change the site and build a new church.

The trustees of the church are Messrs. W. M. Nichols, F. O. Little, E. M. Conner, H. M. Mohler and J. M. Fulwider. Mr. Fulwider is also superintendent of the Sunday school.

Mayor and Chief of Police Again in The Limelight

Mayor Walker and Chief of Police Lindsay are again in the limelight. The Mayor has again suspended the Chief of Police, and the latter has been cited to appear Monday, August 8, 1910, to stand trial. Replies to the various and sundry charges are to be submitted in writing.

Among the charges are conduct unbecoming an officer, absenting himself from town both day and night, insubordination, and threatening and menacing language towards R. R. Ruff and Hugh Morgan.

The conduct of the Mayor and Chief of Police would be considered a joke if it were not so serious. The lack of harmony between the two is well known, and the public might be pardoned for concluding that the largest element entering into the situation is a personal one. While the Mayor and police officers are spending their time and energies watching each other, the community is certainly neglected. The situation has now become so acute that public sentiment demands a change of conduct, and the rights of the people cannot longer be ignored with impunity.

The Town Council some time ago took a hand in the affair and settled the differences for a time, but it would seem from the repetition of the charges covering the same grounds substantially as those heretofore filed by the Mayor, that his honor was not pleased with the late action of the Town Council in re-electing Lindsay chief of police.

Dr. Price to Visit Lexington

Dr. Frank Price of China, the foreign pastor of the Lexington Presbyterian congregation, is expected to reach Lexington today with his family, and will occupy the home of the Misses Davidson on Main street. Graham, who will be off on his vacation.

Superintendent of Schools G. W. Effinger last week conducted examinations of applicants for positions in the public schools of Rockbridge.

92 in the Shade

The thermometer registered 92 in the shade today at noon. The heat is oppressive, and much discomfort is experienced from the torrid wave. The nights, however, as a rule have been pleasant. The climate in this section has the redeeming feature of comparatively cool nights.

Stop Working and let our Washing Machine do the work.

We have on hand now a Washing Machine that washes your clothes without any work on your part. All you have to do is to put same on your stove or build a fire under it, put your clothes in it with a little soap, stir them around now and then and in a short time take the clothes out of the washer and your clothes are washed.

This does not seem reasonable but we put our guarantee behind the above statements; furthermore, we will sell any reliable person one of these washers on thirty days trial; if it will not wash clothes cleaner and better and in less time than you can by hand we will refund every cent you have paid for it. Can any one be any fairer? The regular price for these washers is \$8.00 for those made of tin with copper bottom or \$10.00 for those made entirely of copper. Beginning Aug. 1st we will sell a limited number of these machines for thirty days at the following prices:

Those made of tin with copper bottom for six dollars
Those made of copper with copper bottom for eight dollars
We have decided to continue the price of \$22.50 for the next thirty days on the celebrated Willard Range.

Watch our ads each month for bargains in stoves, tinware, etc.
